JOB SUMMARY:

Within the context of a client and family centred care model and in accordance with the College of Psychologists of British Columbia established standards of professional practice, and the vision and values of the organization, this position is in charge of psychological services provided to a section of the facility. Working in a matrix relationship reporting to the Practice Leader/Professional Practice Director, Psychology and the Patient Services Director/Manager as applicable, duties include completing psychological assessments, providing psychological treatment, liaising with external agencies, attending clinical/case conferences, evaluating the effectiveness and appropriateness of treatment, and maintaining patient records including documenting client diagnosis and most effective form of treatment, charting patient information and test results, and preparing progress notes and psychological reports. Provides formal and informal consultations, participates in quality improvement and risk management activities, provides clinical teaching and supervision to Psychology Residents and students, and conducts and participates in research.

QUALIFICATIONS:

Graduate of a Doctoral level program in Psychology, plus one (1) year's relevant experience in clinical psychology including therapeutic, diagnostic and consultation services or and equivalent combination of education training and experience.

Current registration with the College of Psychologists of British Columbia or registration with the College of Psychologists of British Columbia within one year of employment.
